

Foraying For Mushrooms

A Free Presentation

Join the Sierra Club for a photo presentation and talk by Joe McFarland, staff writer for Outdoor Illinois Magazine.

Come learn about the art of mushroom hunting in Southern Illinois and mycology (from Greek. mykes "fungus"), the study of fungi, their genetic and biochemical properties, their taxonomy, and their use to humans as a source for medicinals (such as penicillin) and food (beer, wine, cheese, edible mushrooms), as well as their dangers, such as poisoning or infection.
