

Sierra Club Gathering:

New Year's Day Stone Soup

Come one and all to the annual New Year's Day celebration of the environment held by Sierra Club members and friends as they begin the new year in the beautiful outdoors warmed by two glowing fireplaces and bountiful food.

This is a "stone soup" style picnic where everyone contributes something to the cooking pots or potluck table of breads, meats, vegetable, deserts and beverages. Following the congregate meal, participants can optionally go on a short hike in the park with leaders, friends and family.
