

Shawnee Group Sierra Club  
invites you to attend the  
Carbondale Premier  
of

**Coal Country**  
the movie

Be among the first in Carbondale to see the powerful new film “Coal Country” that exposes the devastation to the environment, families and communities caused by mountaintop removal coal mining. Following the presentation of the film you will get an opportunity to lend you voice to the growing movement to put a stop to this destructive practice.
