

LAKE COUNTY COOL

TAKING A STAND ON GLOBAL WARMING

From Conversation To Action!

If you watched *An Inconvenient Truth* and felt the need to do something...

If you take pride in standing up for your beliefs...

If you want to be part of a community effort that will make a difference...

Then take part in the
GLOBAL WARMING CAFÉ.

Because we have a lot to talk about...

We know that scientists overwhelmingly agree that human activity is warming the earth. Heat is being trapped in a layer of "greenhouse gases," including carbon dioxide, produced by the fossil fuels we use to drive our cars and to heat and cool our homes.

We also know that global warming is a dangerous reality, one that will increasingly touch our lives, those of our children and grandchildren, and many of the poorest people on our planet. Serious consequences are already evident in the form of floods, heat waves, more violent storms and the rise of sea levels.

But do you know that the typical U.S. household generates 55,000 pounds of CO₂ annually... compared to only 27,000 pounds in Germany and a mere 15,000 pounds in Sweden? There are many ways that we can lower our "carbon footprint." And guess what... it's easier when we all do it together. Come find out how!

We invite you to join us for an exciting Global Warming Café. It's a powerful, new social change technology that enables us to experience the power of community. You'll interact with a broad cross-section of Lake County citizens in frank and open conversation to help us reflect deeply on what global warming means to each of us, individually and as a community. We'll exchange views, feelings and ideas. Then we will learn about a program, Low Carbon Diet, to help us lower our carbon footprint while saving money and transfer this knowledge to our communities and workplaces.

**Are you up for it? Then make this a priority...
because when you know the facts, you know there's nothing more important.**

**WHEN: Friday, March 21, 2008
7:00 – 9:00pm**

**WHERE: Colby Barn in Prairie Crossing
off Rte. 45, Grayslake, IL**

**COST: \$14 incl. the LOW CARBON DIET
Workbook, one seat, and chances on
LOW CARBON DOOR PRIZES
Admission includes complimentary
Fair Trade caf/decaf coffee**

RSVP by March 13: lowcarbondiet@aol.com

If you want Low Carbon Diet information right away, visit www.empowermentinstitute.net/lcd.

Event Host: GreenAgents.biz

Co-Sponsors:

**The Sierra Club and
Lake County Audubon Society**

Door Prizes Donated By:

Station Square at Prairie Crossing
